SUPERIOR WATER, LIGHT & POWER

New utility rates as of Jan. 1, 2025

Superior Water, Light and Power (SWL&P) has proudly served the city of Superior and surrounding areas with safe and reliable electric, natural gas and water services since 1889.

In March 2024, SWL&P filed for approval to adjust electric, natural gas and water rates to support continued infrastructure improvements that enhance reliability and provide programs and services that customers expect from their local utility.

The Public Service Commission of Wisconsin issued a Final Order on that application on December 12, 2024.

The Final Order provides an overall retail rate increase of 4.4 percent or \$5.5 million.

Electric, gas and water rate will increase beginning January 1, 2025.

- Electric rates increased an average of 1.4%
- Natural gas rates increased an average of 15.6%
- Water rates increased an average of 10.9%

L-72312

Clean. Reliable. Superior.

Questions? Visit swlp.com or call 715-394-2200

The average residential customer of all three utilities using roughly 500 kilowatt hours of electricity, 75 therms of natural gas and 600 cubic feet of water will see a total change of about \$22.00 per month. The amount of any increase will depend on the respective utility, rate and usage. A copy of the new residential rates appears below. All rates can be viewed at swlp.com.

If you have any questions regarding the new rates, please contact us at 715-394-2200 or 1-800-227-7957.
